Improvements

The toilets are installed and now await the finishing touches which will be carried out by volunteers. The ICI have very generously donated some surplus paint and the Community Service organiser for Suffolk, Mr. Rasaiah, has indicated that decorating the toilets and the interior of the Hall is a project he is prepared to undertake.

A new sports competition for villages, sponsored by PDT Palgrave Brown, is being held this year. The competition is for villages of two categories:

Great Finborough would be in the "small parish" category. Each parish must have 2 teams -

The competition is organised in three rounds: District, County and Regional. The District Round is to be completed by 30th June.

A Public Meeting is to be held in the Pettward Hall on FRIDAY, 7th MAY, 1982 at 7.30 pm to (i) ascertain whether there is sufficient interest in the village, and, if so, (ii) to make arrangements for entry. PLANNING CONSULTATION

The District Council has further clarified its policy concerning notification of planning applications to neighbouring properties. The inspecting officer is left to assess the implications of any proposal and the proposal really must have some detrimental effect to warrant notification. The District Council says "it must be noted that even where it is felt that some detrimental effect is involved, this still may not be sufficient to refuse planning permission. The planning procedure must be seen to act fairly not only to neighbours but also to applicants."

The Parish Council has decided that in order to give reasonable publicity to planning applications concerning the parish, copies of the list of planning applications registered with the District Council will be posted at various places around the parish. This will enable residents to keep informed of such applications. If any parishioner wishes to make comments to the Parish Council, the presence of such lists indicates that consideration is being given to the relevant applications by the Parish Council.

For the present, a copy of the applications registered will be posted on the Pettward Hall and Oak Close noticeboards and on the tree at the entrance to Boyton Hall Drive, Combs Lane. If anyone wishes for a copy to be posted elsewhere, please let me know and I will make the necessary arrangements.

Some weather poems:

The Blowing Day

I looked out of the window
and saw that the trees
were dancing to the music
of the wind; the leaves
are going round and round
and I like rain beating on the window.

Nicola Williams, aged 8 years

A Stormy Night

Last night it was stormy;
The rain beat against the window;
The thunder rolled and the lightning flashed;
A tree fell with a bang and shook the ground;
The wind was wuthering round corners -
It blustered round the house.
All of a sudden morning came,
The sun shone brightly and the ground
glittered with dew.

Sarah Steel, aged 8 years

WOMEN'S INSTITUTE

Good speakers and enjoyable evenings appear to be the 'norm' for our WI, and this month's meeting was no exception. Mr. O.C.Williams, who is the Environmental Health Officer for Ipswich came to talk to us and his topic was 'Is your food safe to eat'. His task as a Health Officer spans so much, e.g. inspection in the abattoir, checking food imports, inspecting shops, restaurants and hotels and generally instructing on hygiene. After being informed of some of the diseases that animals can contract it really is reassuring to know of the diligence of our Health Inspectors in both giving us peace of mind when we do our weekly shop and keeping us healthy.

I am sure you won't mind if we 'blow our own trumpet' for a line or two. We are delighted and proud to say that Shotley WI and ourselves came joint top in our Talent Competition. This was a competition to raise money for central heating of our Headquarters. Quite a few members worked extremely hard in this venture, Mrs.Wake leading the field by being the main contributor. I am sure we will be constantly in the minds of our colleagues at Headquarters next winter.

Our next meeting is on 8th April at 7.30 pm when Mrs.Cayfer will talk about Silk Flowers. Should be good - come and see.

J.Panfield.

POINTS FROM THE PARISH MEETING

The Parish Council has been asked to consider whether a bus service on Saturdays to Stowmarket could be applied for in view of the number of boys from St.George's walking to the town. It could also be used by parishioners..... the Playgroup was struggling financially because of the small (but legally restricted) number of users. Any help would be gratefully recieved.

JOHN HEICHES It was with sorrow that I learned of the recent death of John Heiches. A former contributor to the Newsletter, he was known for his excellantly researched articles on local history which brought the past to life.
